

Summary Report for Individual Task
011-237-1142
Perform Digital Communications (H-60)
Status: Approved

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD5 - This product/publication has been reviewed by the product developers in coordination with the Fort Rucker foreign disclosure authority. This product is releasable to students from all requesting foreign countries without restrictions.

Condition: In an H-60 helicopter. Some iterations of this task should be performed in MOPP 4.

Standard: 1. Configure the appropriate tactical internet system for desired operation.
2. Transmit, receive, review, and delete messages and mission information as required.

Special Condition: None

Safety Risk: Low

MOPP 4: Sometimes

Task Statements

Cue: To send information via digital means.

DANGER

None

WARNING

None

CAUTION

None

Remarks: None

Notes: None

Performance Steps

1. Crew actions.

a. The pilot on the controls (P*) is primarily responsible for obstacle avoidance and clearing the aircraft.

b. The pilot not on the controls (P) or other crewmembers will operate the system and announce when focused inside.

2. Procedures.

Operate system (JVMF, EDM, and BFT) in accordance with the appropriate technical manual and configure in accordance with unit standing operating procedures (SOP).

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Evaluation may be conducted in the aircraft or simulator.

Evaluation Preparation: Training may be conducted in the aircraft or simulator.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Configured the tactical internet system for desired operation.			
2. Transmitted, received, reviewed, and deleted messages and mission information as required.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT. Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Units will assess environmental risk using the checklist and assessment matrixes in TC 3-34.489 and FM 3-100.4. Rated (RCMs) and NCMs should always be alert to ways to protect our environment during training and missions. RCMs and NCMs will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological,

Radiological, and Nuclear Decontamination. None.
